

NasJet

On-Demand Charter: The best option for ultimate flexibility without the long term commitment

Chartering with NasJet gives private jet users access to the largest and most closely managed fleet in the region. Since NasJet owns a core fleet of aircraft, we are able to make an immediate decision on aircraft availability.

The highly experienced dedicated 24/7, 365 days a year Charter department, based in Riyadh, are able to provide you with instant and competitive quotes.

The NasJet Block Charter program has all the benefits of ad-hoc charter but with guaranteed availability, flexible payment terms and billing based on actual flight times.

GulfStream IV/450

The next generation large cabin jet with intercontinental range. The Gulfstream fleet includes both the renowned GIV-SP and the G450.

With a range of almost 5,000 statute miles, the Gulfstream G450 connects continents with ease. Fourteen passengers (thirteen passengers for the GIV-SP) fly in a spacious and comfortable cabin which includes a full service galley.

Hawker 750

The midsize jet with range and comfort ideal for business use. Few aircraft can match the Hawker 750's combination of comfort, cabin size and speed.

It is one of the most popular midsize business jets. The NasJet Hawker 750 fleet is comprised of eight-passenger configured aircraft, this configuration offers stand-up headroom along the entire cabin length.

NasJet has an established infrastructure and resource, delivering a 'full' corporate aviation service including sales, completions, aircraft management, flight support, fractional, charter and Fixed Base Operation (Riyadh).
