
Richmor Aviation

The Flight Leader for the Leaders of Business

Richmor Aviation, a recognized leader in Aviation since 1967 was founded by Mahlon W. Richards, who remains hands on with management and day to day operations to this day.

Our headquarters are in New York's beautiful Hudson Valley, which is part of New York's thriving Tech Valley and just a short flight north of New York City.

Aircraft acquisition, management, charter and broker, FAA certified repair stations, FBOs within New York (KSWF, KPOU, 1B1 & KSCH) and the largest flight school in the Northeast is who we are.

Our charter fleet ranges from a King Air 200, Phenom 300, Beechjet 400A, Falcon 20 and a Challenger 601 to four Gulfstreams.

Our pilots are recognized as the most well-trained, experienced and reliable pilots in the industry.

Our aviation maintenance experts, with over four decades of experience, provide exceptional services with the utmost professionalism.

We are able to perform even the most extensive inspections required on our own diverse fleet and aircraft belonging to our clients.

Please contact us today with your aviation requirements!
