
Sun Air Jets

Committed to providing unsurpassed Business, Executive & Personal Aviation

Conveniently located in Southern California and operating globally, Sun Air Jets provides private jet charter services, aircraft management, maintenance, private luxury hangars, and a full-service FBO.

Our charter fleet offers a range of private jets and elegant touches to fit the needs of your next flight, including the latest cabin technology, newly renovated cabin interiors, and complimentary domestic WiFi.

As a boutique private aviation company that is privately owned and operated, our team is exceedingly focused on delivering a highly personalized and tailored experience for our clients.

Since our inception over twenty years ago, our team has strived to earn a reputation that speaks for itself. We have been dedicated to serving clients with the highest levels of operating expertise and world-class customer service, resulting in an exceptional and trusted experience for aircraft owners and charter customers alike. We also operate one of the safest rated private jet fleets in the United States.

At Sun Air Jets, we are committed to providing unsurpassed business, executive and personal aviation services with an unwavering dedication to quality and safety. To our team, it's not just business; it's personal. Client satisfaction is our reason and our reward. At Sun Air Jets, you are more than just a number, you are family.

We look forward to welcoming you onboard!
