

Top of the tree

Nothing says luxury like a Penthouse Suite – incredible views, endless space and world-class amenities – check out six of the best Hotel Penthouses in Hong Kong, London, New York, Switzerland, Rome and Dubai

When searching for a place to stay during vacation or an extended business trip, it's important to find somewhere that has everything anyone might need, but it can be difficult to find that and also a suite that feels like home.

HARBOUR HOUSE SUITE, ROSEWOOD HONG KONG

Harbour House in Hong Kong is a total of 290 square metres and located on the 57th storey of Rosewood Hong Kong. It overlooks Victoria Harbour and boasts an outdoor lap pool, a private gym, landscape gardens that wrap around the suite, and the many amenities offered throughout the other Rosewood residences. These amenities include semi-private lift access to the property,

a full entertainment system, a full bath bathroom, private in-room dining available and access to the other hotel facilities. These include an indoor heated swimming pool, access to the Manor, a lifestyle lounge, and priority reservations for the wellness programs, restaurants and bars.

The hotel also harbours an impressive art collection, which can be viewed throughout the building, though art tours are conducted twice a week with an art ambassador. rosewoodhotels.com/en/hong-kong/accommodation

SHANGRI LA SUITE, SHANGRI LA AT THE SHARD LONDON

This suite is a total of 188 square metres, which occupies the

majority of Level 39 of London's iconic architectural mainstay, the Shard. The residence is made up of a large living area, separate dining room and a kitchenette, with a bedroom furnished with a super-king bed, an ensuite with a whirlpool bath and heated floors, as well as a separate guest bathroom for visitors. This suite can also be connected to an adjacent suite for a total of 288sqm of space if required.

The extraordinary views of the Thames and the London skyline are complemented by the service and amenities offered by Shangri La. When it comes to personal care, the hotel offers 1,000-threadcount sheets and a feather duvet, a customisable pillow selection, 24-hour laundry valet and Jo Loves bathroom

amenities, a signature at Shangri La. A full entertainment system is available, as well as any required office equipment, including an in-room safe. A mini-bar, cocktail-making kit, tea and coffee facilities and a complimentary bottle of champagne on arrival round out the impressive list of offered services. shangri-la.com/en/london/shangrila/rooms-suites/suites/shangri-la-suite

THE PENTHOUSE, THE MARK HOTEL NEW YORK

The Mark Penthouse is the peak of penthouse comfort. While it

may only be 16 storeys high, it is an astonishing 929 square metres, with three king bedrooms and two queen bedrooms, all with their own ensuites, and an additional guest bathroom on the property. There is a joint library-lounge area, a dining room capable of seating 12, and two separate powder rooms. There is private rooftop terrace access for the residents, providing stunning views of Central Park and the famous New York skyline.

The interior of the penthouse is designed by Jacques Grange, a legendary French interior designer, and is spread over the top two floors of the hotel. There are four fireplaces within the residence, as well as two personal bars and vaulted ceilings, which make the spaces feel open and

inviting. The hotel itself also includes a conservatory, a full library, and a 'stately' dining room. themarkhotel.com/rooms-and-suites/the-mark-penthouse-suite

PENTHOUSE SUITE, GRAND RESORT BAD RAGAZ

The penthouse suite at the Grand Resort Bad Ragaz is 440 square metres of Swiss-inspired opulence. Located on the top floor, of course, the suite includes a private glass sauna, a steam bath and an outdoor Jacuzzi, among the other amenities. This suite is suitable for four people, with two king bedrooms. The master bathroom includes fitness equipment, whirlpool bath and sauna, and a television. There is a separate guest bathroom as well.

Within the penthouse, there is a lounge and dining area on the terrace, with views of the mountains and the Bündler Herrschaft, and a fireplace and piano in the main living area. The kitchen provides a separate ▶

VILLA LA CUPOLA, THE WESTIN EXCELSIOR, ROME

Right in the middle of Rome, on the top level of an iconically pink

building inspired head to toe, inside and out, by Renaissance architecture and styling, this penthouse suite offers everything needed for a couple or a small family. The property is 740 square metres in total, with a king bed in the bedroom and an option for a rollaway bed or crib if needed.

The suite includes a living area, with a full entertainment system, a second sitting area, two dining areas, a library, a study and a separate media room,

as well as facilities for working out. There is both a terrace and a deck, separate to the full bath in the bathroom. The kitchen is fully outfitted with a refrigerator and full pantry, and the bedroom has a walk-in wardrobe. The ceilings are decorated in renaissance-style murals that evoke the Sistine Chapel, Michaelangelo's famous masterpiece.

THE ROYAL SUITE, WALDORF ASTORIA DUBAI

After winning an award for Dubai's best hotel suite in 2015, this penthouse has earned its spot on this list. The 344 square metre suite has two king bedrooms, the master boasting a private terrace and Italian marble bathroom, as well as 'his and hers' dressing rooms. The suite is accessed by its own private elevator and includes a dedicated tv room, a kitchen with private butler access and a majlis for up to 20 guests.

Complimentary access to the Pearl Club is one perk offered by staying in the suite, as well as office facilities, a dining area within the suite and seating areas in both bedrooms. Baby and children services are also offered if required and a mini bar and personal concierge are available as well. The property also includes small bedrooms for staff or assistants, and televisions are located in both bedrooms and ensuite bathrooms. luxury suites.
