
Cat Aviation

A Business Airline of the highest standards

Cat Aviation operates and maintains business jets worldwide and successfully too. With a lot of commitment and customer-oriented services, the owner-managed company has been flying at the forefront of executive aviation for over 25 years.

Our fleet consists of state-of-the-art business jets - both for short routes as well as intercontinental flights.

In addition, to the highest level of safety and absolute comfort, you can enjoy the services of an experienced and exceptionally well trained crew on all flights. Welcome on board!

“Our discerning clientele can expect from us what we, as demanding people, expect for ourselves.”

Our service is geared towards a single goal: our clients' personal needs. That is why we are so persistent when it comes to meeting your expectations by providing the best

target-oriented solutions possible. We are fuelled by commitment and dynamism; and you can securely ride on our wings of safety, comfort, know-how and discretion. Cat Aviation considers itself as a service company which sets everything in motion to ensure that when you are with us, you feel safe and completely at ease - both on the ground as well as in the air.
