

Jet Fly Airline

A unique flying experience that combines first class performance and service with the highest quality and safety levels

Jet Fly Airline was founded in 1996 and since that time Jet Fly has been providing a unique flying experience that combines first class performance and service with the highest quality and safety levels.

We have learned one thing in particular. Namely, that individuality pays dividends. Especially in the world of commerce and industry, independence from rigid airline schedules offers a wealth of advantages.

We are proud of the fact that we make the special wishes of our guests come true. Indeed, we take pleasure in tailoring every detail, from personal service to catering, to individual requirements.

Moreover, we are pleased to organize hotel reservations, meeting rooms, a rental car or a limousine service and we are more than willing to provide personal consulting regarding the many possibilities for turning any flight into a truly memorable experience.
